A&F CONNECTIONS
In practice and in response to Covid-19

CONNESSIONI A&F
In pratica e in risposta a Covid-19

A&F SUSTAINABILITY
BRINGING A&F INTO CLINICAL PRACTICES
Third online meeting
November 11th, 2021
15.30-17.15

JOIN THE MEETING

15:30 Marina Davoli
Introduction

15:40 Sarah Alderson, Robbie Foy
A&F: embedding research into practice and practice into research
A&F: integrare la ricerca nella pratica e la pratica nella ricerca

16:20 EASY-NET Research Group
Chair: Nera Agabiti
A&F in EASY-NET

16:40 Massimo Annicchiarico
(To be confirmed)
A&F: from reaserch to organizzation
A&F: dalla ricerca all'organizzazione

17:10 Marina Davoli
Conclusion

Aims
Four online meeting, two in October 2020 and two in November 2021:
- To promote knowledge and awareness of A&F methodology amongst health care professionals and researchers.
- To build connections within the international scientific community.
- To strengthen the practice of A&F amongst Italian professionals and health care operators.

Obiettivi
Quattro meeting online, due a ottobre 2020 e due a marzo 2021, per:
- Promuovere la conoscenza e la consapevolezza della metodologia A&F tra professionisti sanitari e ricercatori.
- Costruire connessioni all'interno della comunità scientifica internazionale.
- Rafforzare la pratica di A&F tra i professionisti e gli operatori sanitari.

EASY-NET è un progetto finanziato dal Ministero della Salute (NET-2016-02364191) e cofinanziato dalle Regioni Calabria, Emilia-Romagna, Friuli Venezia Giulia, Lazio, Lombardia, Piemonte.

A&F CONNECTIONS. IN PRACTICE AND IN RESPONSE TO COVID-19

The Department of Epidemiology Lazio Region with the support of Il Pensiero Scientifico Editore and the technical assistance of the web agency Think2it, is going to organize, on behalf of the Italian EASY-NET Network - a project funded by the Ministry of Health and six Regional Governments - **a series of four online meetings** on Audit & Feedback (A&F), two in October 2020 15 and 29, and two in November 2021:

1. To **promote knowledge and awareness of A&F** methodology amongst health care professionals and researchers.
2. To **build connections** within the international scientific community
3. To **strengthen the practice of A&F** amongst Italian professionals and health care operators.

FIRST MEETING | INTRODUCTION TO A&F | OCTOBER 15TH, 2020

A&F: HOW TO DO IT

Jeremy Grimshaw

Senior Scientist, Clinical Epidemiology Program, Ottawa Hospital Research Institute

Full Professor, Department of Medicine, University of Ottawa

Canada Research Chair in Health Knowledge Transfer and Uptake
jgrimshaw@ohri.ca

A&F IN ITALY: THE EXPERIENCE OF EASY-NET

Roberto Grilli

Direttore Governo Clinico / Director of Clinical Governance

Azienda USL – IRCCS di Reggio Emilia / Local Health Authority - IRCCS of Reggio Emilia

RobertoGiuseppe.Grilli@ausl.re.it

15 WAYS TO OPTIMIZE FEEDBACK | FIRST MEETING | OCTOBER 29th, 2020

Jamie Brehaut
Professor and Senior Scientist

Ottawa Hospital Research Institute
Clinical Epidemiology Program
Ottawa Hospital, General Campus

EASY-NET: THE AIMS

1. To test the **effectiveness** of audit and feedback interventions in improving health professional practices and patients' outcomes in **different settings** using both a quantitative and a qualitative approach.

2. To examine **factors that may explain variations** in the effectiveness of audit and feedback and to identify patient-, provider-, organization-, and system-level facilitators or barriers using both a quantitative and a qualitative approach.

3. To evaluate the impact of **audit and feedback** strategies in reducing avoidable differences in access to effective health care interventions in **socioeconomically disadvantaged** populations.

EASY-NET: EXPECTED OUTCOMES

Single Region projects ⟷ **NETWORK**

- ✓ **increased knowledge, culture and practice on A&F**
- ✓ **increased awarenees among health professionals on the need for high-quality data to monitor performance**
- ✓ **comparative data on effectiveness of A&F strategies implemented in different Regions, health services organization, level of care, and patient populations**
- ✓ **support for health care organizations to incorporate effective and equity-oriented improvement measures into the process of care**

GOOD HEALTH CARE TO ALL CITIZENS

EASY-NET: THE ORGANIZATIONAL STRUCTURE

CLINICAL AND HEALTH SERVICES SETTINGS

WP1 Lazio	**Chronicity and Emergency (AMI, stroke)**
WP2 FVG	**Emergency (AMI, Stroke, Trauma)**
WP3 Piemonte	**Oncology**
WP4 Emilia Romagna	**Chronicity**
WP5 Lombardia	**Cardiovascular**
WP6 Calabria	**Delivery and Maternal Health**
WP7 Sicilia	**Cardio and cerebrovascular**

THE AUDIT & FEEDBACK METALAB

http://www.ohri.ca/auditfeedback/

A group of researchers dedicated to improving healthcare outcomes by optimizing performance with Audit & Feedback (A&F).

The mission of the A&F MetaLab is to develop an international research and healthcare community to achieve the following:

- Encourage shared learning from international A&F implementation laboratories
- Engage with healthcare system partners regarding their use of A&F
- Provide a trusted source of evidence and recommendations for performing A&F
- Develop a repository of international A&F lab members and their expertise
- Encourage the promotion and uptake of A&F evidence
- Synthesise evidence from the A&F implementation lab activities
- Training for building research capacity and practical expertise in A&F
- Develop an ongoing repository of evidence from randomised tests of refinements to A&F in the various national implementation labs

THIRD MEETING | A&F SUSTAINABILITY | NOVEMBER 11TH, 2021

Sarah Alderson | University of Leeds, UK

General practitioner and Clinical Associate Professor in Primary Care at the University of Leeds.
She is a founder member of the international expert collaborative, the Audit and Feedback Metalab.

Areas of expertise: Implementation research; Embedding interventions within primary care; Audit and feedback interventions & Campaign to Reduce Opioid prescribing; Mental and physical co-morbidity.

Email: S.L.Alderson@leeds.ac.uk

PROFILE
https://medicinehealth.leeds.ac.uk/medicine/staff/73/dr-sarah-alderson

Robbie Foy | University of Leeds, UK

Professor of Primary Care at the Leeds Institute of Health Sciences and a general practitioner in Leeds.
His collaborations include the Audit and Feedback Metalab.

His field of work, implementation research, aims to inform policy decisions about how best to use resources to improve the uptake of research findings by evaluating approaches to change professional and organisational behaviour.

Email: R.Foy@leeds.ac.uk
